FINCA Project: <https://finca.collaboration.uconn.edu/>

EDUCATION

2005 – 2010 Ph.D. Biology. Major in Conservation Ecology. University of Puerto Rico.
2001 – 2004 M.Sc. Biology. Major in Cell and Molecular Biology. Universidad de Costa Rica.
1997 – 2001 B.S. Biology. Universidad de Costa Rica.

PROFESSIONAL EXPERIENCE

2019 – present Assistant Research Professor. Institute of the Environment, University of Connecticut.
2017 – 2022 Research Associate. Department of Botany, National Museum of Natural History Smithsonian Institution. Washington, D.C.
2012 – 2017 Postdoctoral Research Fellow. Department of Botany, National Museum of Natural History, Smithsonian Institution. Washington, D.C.
2010 – 2012 Postdoctoral Research Fellow. Center for Applied Tropical Ecology and Conservation, University of Puerto Rico, San Juan, Puerto Rico.

FELLOWSHIPS AND AWARDS

2012 – 2017 Postdoctoral Fellowship. Department of Botany, National Museum of Natural History, Smithsonian Institution. Total Award: \$249,000.
2010 – 2012 Postdoctoral Fellowship. Center for Applied Tropical Ecology and Conservation, University of Puerto Rico. Total Award: \$76,000.
2012 Costa Rican National Academy of Sciences. Award Outstanding Young Investigator.
2009 – 2010 Dissertation Fellowship Award. Dean for Graduate Studies and Research. University of Puerto Rico, Rio Piedras Campus. Total Award: \$11,000.
2008 – 2009 Exceptional Academics Executorial. Graduate Students Award. Dean for Graduate Studies and Research. University of Puerto Rico, Rio Piedras Campus. Total Award: \$13,000.
2002 Graduate Research Fellowship, Organization for Tropical Studies. OTS-02-13.
2001 Graduate Fellowship Award. Dean of Graduate Studies (Vicerrectoría de Investigación). Universidad de Costa Rica.
2000 REU Fellowship. Research Experiences for Undergraduate Students. Universidad de Costa Rica. Summer School on Research and Field Biology. Golfito, Costa Rica.

RESEARCH GRANTS AWARDED

- 2024-2028 NSF-Collaborative Research. Superinvaders: testing a general hypothesis of forest invasions by woody species across the Americas. J. Fridley (PI), J. Rojas-Sandoval (PI) & P.H. Martin (PI). \$1,525,604.
- 2021-2023 Caribbean Pollination Networks Project. Grant for Research in Academic Themes. Institute of the Environment, University of Connecticut. PI: J. Rojas-Sandoval. \$77,500.
- 2020-2022 General Assessment of Invasive Plant Species across Caribbean Islands. USDA-APHIS Grant. PI: Hilda Diaz-Soltero, Co-PI: J. Rojas-Sandoval. \$417,450.
- 2020 Monitoring grass invaded habitats on Mona Island. U.S. Wildlife Restoration Program. Grant PR-W-F20AF00016. PIs: J. Rojas-Sandoval, E. Meléndez- Ackerman. \$55,793.
- 2018-2020 Catalogue of Invasive Plant Species in Puerto Rico. USDA-APHIS Grant. PI: Hilda Diaz-Soltero, Co-PI: J. Rojas-Sandoval. \$233,000.

TECHNICAL REPORTS

Rojas-Sandoval J. 2012-2023. Invasive Plant Species in the West Indies. Revision of the distribution, invasion status, history of introduction, habitat preferences, and management recommendations for 425 plant species behaving as invasive on Caribbean islands. Technical reports commissioned by the United States Department of Agriculture (USDA), the Smithsonian Institution, and the Centre for Agriculture and Biosciences International (CABI). Invasive species datasheets available online at the **CABI Invasive Species Compendium** (<http://www.cabi.org/isc/>).

TEACHING EXPERIENCE

Spring 2023	Guest Lecturer: <i>Invasive Species Biology</i> . University of Puerto Rico, Rio Piedras.
Spring 2022	Guest Lecturer: <i>Invasive Species Biology</i> . University of Puerto Rico, Rio Piedras.
Fall 2021	Instructor: EEB 5369: <i>Current Topics in Biodiversity</i> . University of Connecticut.

Fall 2021	Guest Lecturer: <i>Dynamics of Biological Invasions</i> . University of Puerto Rico.
Spring 2021	Guest Lecturer: <i>Community Ecology</i> . University of Puerto Rico, Humacao Campus.
Fall 2020	Guest Lecturer: <i>Invasive Species Biology</i> . University of Puerto Rico, Rio Piedras.
Spring 2008	Teaching Assistant: <i>General Biology II</i> . University of Puerto Rico.
Fall 2007	Teaching Assistant: <i>General Biology II</i> . University of Puerto Rico.
2004 – 2005	Instructor and Coordinator: <i>Environmental Education Program</i> . Fundación Neotropica. Tropical Center, Osa Peninsula, Costa Rica.
Spring 2004	Teaching Assistant: <i>Tropical Ecology and Conservation</i> . Organization for Tropical Studies. OTS-ETC 04-2. Costa Rica.
2003 – 2004	High School Teacher. <i>General Biology and General Science</i> . Puerto Jimenez Public High-School. Puerto Jimenez, Península de Osa, Costa Rica.
Fall 2001	Teaching Assistant: <i>General Ecology</i> . University of Costa Rica. San Jose, Costa Rica.
Spring 1999	Teaching Assistant: <i>General Biology</i> . University of Costa Rica. San Jose, Costa Rica.

RESEARCH EXPERIENCE

2020 – present	Principal Investigator. FINCA Project: Flora Introduced and Naturalized in Central America. University of Connecticut. https://finca.collaboration.uconn.edu/
2019 – present	Principal Investigator. Caribbean Pollination Network Project. Institute of the Environment. University of Connecticut.
2017 – present	Research Associate. Department of Botany, National Museum of Natural History, Smithsonian Institution. <i>Projects led:</i> (1) Factors explaining the naturalization and invasion of alien plants in the West Indies. (2) Invasive plants in the West Indies: Compilation of datasheets for CABI-Invasive Species Compendium. Collaboration with: Pedro Acevedo (SI), Hilda Diaz-Soltero (USDA), Lucinda Charles & Gareth Richards (CABI), James Ackerman & Raymond Tremblay (University of Puerto Rico).
2012 – 2017	Postdoctoral Research Fellow. Department of Botany, National Museum of Natural History, Smithsonian Institution. <i>Projects led:</i> Invasive plants in the West Indies: Compilation of datasheets for CABI-Invasive Species Compendium. Collaboration with: Pedro Acevedo (SI), Hilda Diaz-Soltero (USDA), Lucinda Charles & Gareth Richards (CABI).
2010 – 2012	Postdoctoral Research Fellow. Center for Applied Tropical Ecology and Conservation, University of Puerto Rico. <i>Projects led:</i> (1) Vegetation community dynamics of a tropical semiarid system following experimental removals of exotic grasses. (2) The impact of feral ungulates on Mona Island vegetation.
2005 – 2007	Graduate Research Assistant. Tropical Plant Ecology and Evolution Laboratory,

- University of Puerto Rico. Topic: Micro-morphological characterization of the vegetation of Mona Island. Project Director: Elvia Meléndez-Ackerman.
- 2001 –2004 Graduate Research Assistant. University of Costa Rica. Topic: Reproductive biology and phenology of *Ceibapentandra* (Bombacaceae) in two life zones of Costa Rica. Directors: Jorge A. Lobo-Segura, Mauricio Quesada.
- 2001 – 2002 Graduate Research Assistant, Universidad de Costa Rica and Universidad Nacional Autónoma de Mexico. Topic: Effects of fragmentation and spatial isolation on the reproductive success of trees in the Bombacaceae family. Project Directors: Mauricio Quesada, Jorge A. Lobo-Segura
- 1998 – 2000 Undergraduate Research Assistant. Department of Natural History, National Museum of Costa Rica. Director: Bernal Rodríguez.

PRESENTATIONS AND INVITED TALKS (last 5yrs)

- *Plant invasions in the tropics: lessons from the Caribbean*. Invited Seminar. SE Regional Invasive Species and Climate Change (SE-RISCC) Network. Florida. April 2023.
- *Predicting Plant Invasion with Machine Learning*. Oral Presentation. 2022 BES Annual Meeting-British Society of America, Edinburgh, UK. December 2022.
- *Alien woody species are linked to reduced native richness and abundance in Caribbean forests*. Oral Presentation. 2022 ESA Annual Meeting-Ecological Society of America, Montreal, Canada. August 2022.
- *Loss of functional diversity and homogenization driven by biological invasions on islands*. Invited Seminar. University of Puerto Rico, Rio Piedras Campus. May 2022.
- *Woody plant invasions in the Caribbean: Introduction history and ecological insights*. Oral Presentation. 2021 ESA Annual Meeting. Session Title: Woody Invaders in Temperate and Tropical Forests: Different Species, Same Strategy? Virtual Meeting. August 2021.
- *Biological Invasions within the context of Community Ecology*. Invited Seminar. University of Puerto Rico. Humacao. Puerto Rico. April 2021.
- *Inventory of the Naturalized Vascular Flora of Central America*. Invited Seminar. Universidad de Costa Rica, San Jose. March 2021.
- *Biological Invasions across Caribbean Islands*. Invited Seminar. University of Puerto Rico. San Juan, Puerto Rico. October 2020.
- *The impacts of alien pollinators on native species*. Invited Seminar. Puerto Rico Honeybee and Evolution of Invasive Organisms on Islands Conference. San Juan. August 2019.
- *Biogeography of native and invasive plant species: contrasting drivers of diversity across the West Indies*. Invited Seminar. Department of Biology, University of Puerto Rico. August 2019.
- *Plant Invasions in the West Indies: what, why, and where?* Invited Seminar. Puerto Rico Invasive Species Awareness Conference. San Juan, April 2019.
- *Invasive plants in the Caribbean: application of herbarium collections to protect a regional biodiversity hotspot*. Invited Seminar. Island Invasives Conference 2017. University of Dundee, Scotland. July 2017

PROFESSIONAL AFFILIATIONS - MEMBERSHIPS

Ecological Society of America
Botanical Society of America
The Association for Tropical Biology and Conservation
The Society of Plant Reproductive Biologists

Population Ecology	Journal Tropical Ecology
The Journal of the Torrey Botanical Society	PLoS One
Journal of Plant Reproductive Biology	International Journal Plant Science
NeoBiota	Journal of Ecology

Outreach activities and community engagement:

- Mentor for Undergraduate Students Capstone Projects. Multidisciplinary Program, University of Puerto Rico. Two undergraduate students were mentored between August 2021 and May 2022.
- Member of the Research Committee for the NGO 350-Brooklyn, NY.
- Member of the Scientific Advisory Committee for the 350-Brooklyn campaign “Stop Williams Pipeline.” Brooklyn, NY.
- Member of the Latin American Society of Cactus and Succulents. Regional delegate for Costa Rica.
- Volunteer for the Forest Inventory Analysis (FIA) Survey at Mona Island. Southern Research Station and IITF US-Forest Service. April 2008.
- Mentor for the REU Program. University of Puerto Rico. 2007-2010.
- Mentor for the AKKA-SEEDS Program. ESA-SEEDS Puerto Rico Chapter. 2007-2008.
- Environmental Educator. Children and Nature Program. Fundación Neotropica. Osa Peninsula, Costa Rica. January-December 2004.
- Volunteer for the Project “Environmental Education and Interpretation in Protected Zones of Costa Rica.” Barra Honda National Park. Costa Rica, June-July 2000.
- Volunteer: Association for the Protection of National Parks (ASVO Costa Rica). Costa Rica, 1997-2005.
